Beautiful hard wood, ceramic tile flooring and crown molding are found throughout the home with carpet in the upstairs bedrooms. The foyer has exposed brick with the formal dining room being located to the right of the entry way and a study/library to the left. The second floor also features a spacious outdoor balcony that is perfect for enjoying your morning coffee or amazing sunsets. There are 2 bedrooms, a large bath that features double sinks and a bonus room that could be used as a media room, play room or 5th bedroom on the second level. There is also a screened in back porch that looks onto to a large stone wood-burning fireplace and beautiful outdoor kitchen. Both the front and backyard are professionally landscaped and the back is privately fenced. The home is located in an exclusive, reserved and restricted area across the rear lots of 1-8 that includes access to rear garages, all sidewalks, lighting, etc. This is a fabulous opportunity to own a stunning home that sits on a corner lot in exclusive Charlestowne with upgrades too numerous to mention.
